Local bottler toasted in T.O. for juice cocktail

By Michelle Hopkins

Richmond's TrueBlue Blueberry Juice Cocktails is bursting with more than flavour - its bursting with pride.

The Richmond-based bottling plant received an award for its healthy, all natural beverage.

During the 14th Annual Good Food Festival held in Toronto last month TrueBlue received the Favourite Cold Beverage award in the People's Pick category.

In addition to that kudos, the company was recently awarded the best new blueberry beverage of 2005 by the North American Blueberry Council.
