Find your thrill  
in blueberry chilled

Love blueberries but hate the off-season prices? Maybe the solution you're looking for comes in a bottle rather than a box.

A 16-ounce serving of TrueBlue juice, for \$1.89, offers the equivalent of a half-cup of fresh berries. Plus, you'll get the same health benefits – namely, the antioxidants.

All-natural TrueBlue comes in a variety of flavors, 110 calories per serving:

- straight blueberry
- blueberry-pomegranate
- blueberry-green tea

Look for TrueBlue at Bashas', Safeway and Albertson's stores.
